

Become Part of the Lauri Ann West Community Center's

Reflection Garden

Thanks to the work of volunteers, the Reflection Garden on the Lauri Ann West Community Center's Scott Family Patio is now landscaped and adorned with seasonal plantings.

Help us continue to beautify and personalize this space by reserving an engravable stepping stone. Stones are a great way for your family to leave a legacy at the Center or memorialize a loved one. Businesses, schools, civic groups and garden clubs can also purchase stones as community partners.

Each stone measures approximately 18 inches in diameter and is its own unique shape. Proceeds will help us continue to beautify the property surrounding the Community Center as well as make other facility improvements.

Hurry! **Only a limited number of stones are available!**

☐

Yes, I would like to reserve a stepping stone with a donation of \$500.

Your Engraving:

Please provide the text for your engraving EXACTLY as you want it to read including spacing, punctuation and orientation by line. Space is limited to four lines and 20 characters per line including spaces.

Note, because of the varying sizes of stones, some adjustments may need to be made. Before production, each donor will receive a proof of their final engraving.
